

Calculating Course Grades for the Class of 2024

In courses using SRG, the 1-4 scores are converted to a number in the range of 0-100 for the overall course grade. The Final Course Grade is determined by averaging the 4th 9 weeks Measurement Topics for that course. This system of grading allows for reteaching, reassessment, and provides meaningful learning opportunities for students to meet standards. This grade will be recorded for official use on student transcripts and permanent academic records.

Calculating GPA for the Classes of 2024

- Oxford High School will utilize a weighted GPA for the class of 2024 and 2023.
- Students will earn the specified quality points for each **final course grade**.
- The conversion will happen automatically in PowerSchool at the end of semester-long or year-long courses.
- Dual Enrollment Credit, IB/Global Honors, and AP Courses will receive an additional 10 points added on to their final course score and then quality points will be awarded based on the final course score.
- NOTE: A current or projected GPA can be calculated at any time.

Course Score	Letter Grade	Quality Points
100 -110	A+	5.5
90-99	A	4.5
80-89	B	3.5
70-79	C	2.5
60-69	D	2.0
0-59	F	0

* Dual Enrollment, IB/Global Scholars, and AP Courses=10 points are assigned to the final course score numeric average
